

Typical application

Description

Clamp—fastener, tested according to IEC 62561-1, class “H” (Heavy duty), for electrical connection—fastening of reinforcement rebars with thickness up to 17mm to tape conductors 20—40 mm & up to 4 mm thickness. It is made out of hot dip galvanized steel (St/tZn). The tightening is achieved by one St/eZn carriage bolt M10x30 mm and one St/eZn nut M10.

Description	Raw material	Item code	Optional conductor (Tape)
Clamp - fastener for earth termination system	St/tZn	62 01 001	64 01 443
